OUR STORY

BUILT ON TRUST. DRIVEN BY GROWTH.

Established in 2009 and headquartered in Kolkata, Shree Computers Sales Pvt. Ltd. has evolved into a cornerstone of excellence in India's IT and technology distribution landscape.

Over the years, we have built a strong reputation as a reliable and forward-thinking partner, specialising in the distribution of storage, memory, and flash solutions. Our deep understanding of market dynamics and commitment to consistency has enabled us to serve businesses across all scales.

With a growing presence across key regions including Tamil Nadu, Delhi, Karnataka, Assam, and Gujarat, we have developed the capability to deliver efficiently even in the most remote parts of the country — ensuring accessibility, speed, and reliability at every level.

As a National Distributor for Kingston and Patriot, a Regional Distributor for leading global brands such as Western Digital, SanDisk, Crucial, Samsung, EVM, Lexar, Hikvision, and Corsair, we have built strong, long-standing partnerships within the global technology ecosystem.

Backed by these collaborations, we have successfully delivered over 1,000,000+ orders, reflecting our operational strength, market trust, and commitment to excellence.

At Shree Computers, our mission extends beyond distribution.
We strive to act as a catalyst for business growth and digital transformation, enabling organisations to access the latest technology and stay competitive in an ever-evolving landscape.

By combining innovation, efficiency, and trust, we continue to build a legacy that empowers businesses and strengthens India's digital future.

"From distribution to transformation — our journey is defined by trust, scale, and a commitment to powering India's digital growth."

ABOUT
THE COMPANY

Shree Computers Sales Pvt. Ltd. is a leading IT and storage distribution company specialising in memory, storage, and flash products.
We work with globally recognised brands to deliver high-quality technology solutions to businesses across India.
With a strong operational presence in major cities and the capability to serve remote markets, we ensure fast, efficient, and reliable product availability for our partners.
Our focus is not just on distribution, but on building long-term relationships through trust, transparency, and consistent service.

WELCOME
DIRECTOR MESSAGE

At Shree Computers Sales Pvt. Ltd., our journey began with a simple yet powerful vision to empower India's digital growth through trust, technology, and transformation. What started as a modest venture has today become one of the most trusted names in the IT hardware and technology distribution ecosystem.
From the very beginning, our goal has been clear to bridge the gap between world-class technology and everyday accessibility. Over the years, we've built long-lasting relationships with global brands such as Kingston, Patriot, Prama, Corsair, and many more, bringing cutting-edge products to the Indian market with reliability and transparency.

But what truly defines Shree Computers isn't just our products it's our people, our partners, and our purpose. Every member of our team believes in the same principle: business grows when trust grows. This belief has guided every decision, every partnership, and every milestone we've achieved.
As technology continues to evolve, we stand at the forefront of innovation adapting, learning, and preparing for the future. From serving local businesses to supporting national-scale distribution, our focus remains the same: delivering quality, performance, and service that exceed expectations.
We are not just in the business of computers; we are in the business of enabling progress helping individuals, organizations, and industries move forward with confidence.

As I look to the future, I am filled with gratitude for our customers, partners, employees, and well-wishers who have believed in us and been part of this incredible journey. Together, we will continue to build a stronger, smarter, and more connected India.
With gratitude and vision.

— **Mr. Manish Lunia**
CEO & Managing Director

OUR VISION

Our vision is to become India's most trusted IT and telecom distribution partner, recognised for delivering world-class storage, memory, and flash solutions with consistency and reliability.

We aspire to set new benchmarks in innovation, operational excellence, and customer satisfaction, while continuously evolving to meet the dynamic needs of the technology ecosystem.

Through strong partnerships and a customer-first approach, we aim to build enduring relationships and drive sustainable growth across industries, empowering businesses to thrive in a rapidly advancing digital world.

Our Vision is Driven By:

Trust & Reliability
Delivering consistent performance and building long-term credibility.

Innovation & Growth
Continuously adapting to new technologies and market trends.

Operational Excellence
Creating efficient, scalable, and high-performance distribution systems.

Customer Success
Ensuring our partners grow with us through value-driven solutions.

OUR MISSION

At the core of Shree Computers Sales Pvt. Ltd. lies a mission to empower businesses with high-quality IT and telecom solutions, tailored to meet their evolving needs.
We are driven by a strong commitment to innovation, transparency, and collaboration, ensuring that every solution we deliver creates meaningful and lasting value for our clients and partners.
Through a robust distribution network and a customer-first approach, we enable businesses to grow efficiently, remain competitive, and adapt to a rapidly changing technological landscape.

COMMITMENT TO EXCELLENCE

We believe that sustainable success is built on trust and integrity.
Our focus on maintaining an open, ethical, and performance-driven culture allows us to foster long-term relationships with brands, partners, and customers alike.

At the same time, we continuously invest in our people and processes, empowering our team to achieve their fullest potential while delivering excellence at every stage.
